

Weekly Supplies & Expenses Review Sheet

Guide your simple end-of-week check so nothing is forgotten before the next shopping trip.

How to use: Use every week to review your Supply & Expense Log. Fill out as a family or solo, to spot what’s missing and flag supplies to buy.

DATE	ITEMS STILL NEEDED (FROM LOG)	NEW NEEDS DISCOVERED	WHO WILL BUY/RESTOCK?	PLANNED SHOPPING DAY

What goes in each column

1. What still needs to be purchased this week?
2. Did you discover anything else to add?
3. Who is in charge of buying/restocking?
4. When will you go shopping or place an order?

Example: On Saturday, the Petersons found the goat minerals still unchecked, added this to ‘Items Still Needed,’ assigned it to Mom to buy, and planned to restock during Monday’s feed run.
