

Weekly Review Agenda

To guide your weekly meeting and ensure all key homestead systems are checked and updated.

How to use: Print and fill out at each Weekly Review meeting. Assign a leader to check each section, mark completed items, and note changes. Keep one completed sheet per week for your records.

SECTION	WHAT TO CHECK/DISCUSS	KEY NOTES/UPDATES	WHO'S RESPONSIBLE	CARRY-FORWARD NEEDED?

What goes in each column

1. Fill out each section as the team reviews it: chores, animal logs, supplies, projects, calendar, etc.
2. Mark action items clearly and assign responsibility.
3. Note if anything needs carrying forward to next week.

For example, in the 'Supplies' section, you might check poultry feed and record that a new bag needs ordering. Leave the rows blank for your household to fill out.
