

Weekly Action Summary

To record the top 5-8 actions, updates, or decisions each week and display or share them with your household.

**How to use:** After each review, copy the most important items onto this sheet. Post it in a visible spot or send a photo of it to the household. Use one per week.

| ACTION/UPDATE | WHO WILL DO IT | DUE DATE | CHECKED OFF |
|---------------|----------------|----------|-------------|
|               |                |          |             |
|               |                |          |             |
|               |                |          |             |
|               |                |          |             |
|               |                |          |             |
|               |                |          |             |
|               |                |          |             |
|               |                |          |             |

What goes in each column

1. Write each week's top chores, updates, or purchases in a separate row.
2. Assign a household member and a target completion date for each.
3. Check them off as they're done.

If a key update is 'Order sheep mineral blocks,' assign a person and due date—then check off when complete. All rows are blank for your ongoing use.
