

Command Center Simple Instructions

Provides a ready-to-print instruction sheet to place at your Command Center spot.

How to use: Print and fill out this sheet. Place it as the cover of your binder/board/folder so everyone knows what to do.

What goes in each column

- 1. Write your actual spot (e.g. 'kitchen counter, left shelf')
- 2. What tool holds your system?
- 3. Who should check (e.g. All family at breakfast)?
- 4. Best times to use (e.g. after chores, before school)?
- 5. List any special rules (e.g. No removing sheets, write legibly, etc.)

This is the very sheet Sarah placed in her family's binder—she wrote their shelf location, that all family check it at breakfast, and one rule: if it's not in here, it didn't happen!

COMMAND CENTER LOCATION	MAIN TOOL (BINDER/CLIPBOARD/DIGITAL/ETC.)	WHO CHECKS IT	WHEN TO CHECK/UPDATE EACH DAY	SPECIAL HOUSE RULES
