

Weekly War Room Agenda

Capture the week's top chores, projects, owners, and deadlines so your family always knows what matters most.

How to use: Fill in at the start of your weekly family planning huddle. Hang the completed sheet where everyone can see it. Cross off jobs as they're done, and review last week's sheet at your next meeting.

What goes in each column

- 1. What must be done this week? (e.g., fix goat fence, clean coop, pick up feed)
- 2. Who is mainly responsible? (can be shared but name one point person)
- 3. When does this need to be done by? (specific date or end of week)
- 4. Special supplies, reminders, weather issues, or phone numbers

For example, if your week's must-do is 'Replace chicken waterer', you'd list it as the task, assign 'Lizzie' as main owner, 'Wednesday' as the due date, and 'Buy new waterer from co-op' under Notes.
